

Как изменить пароль?

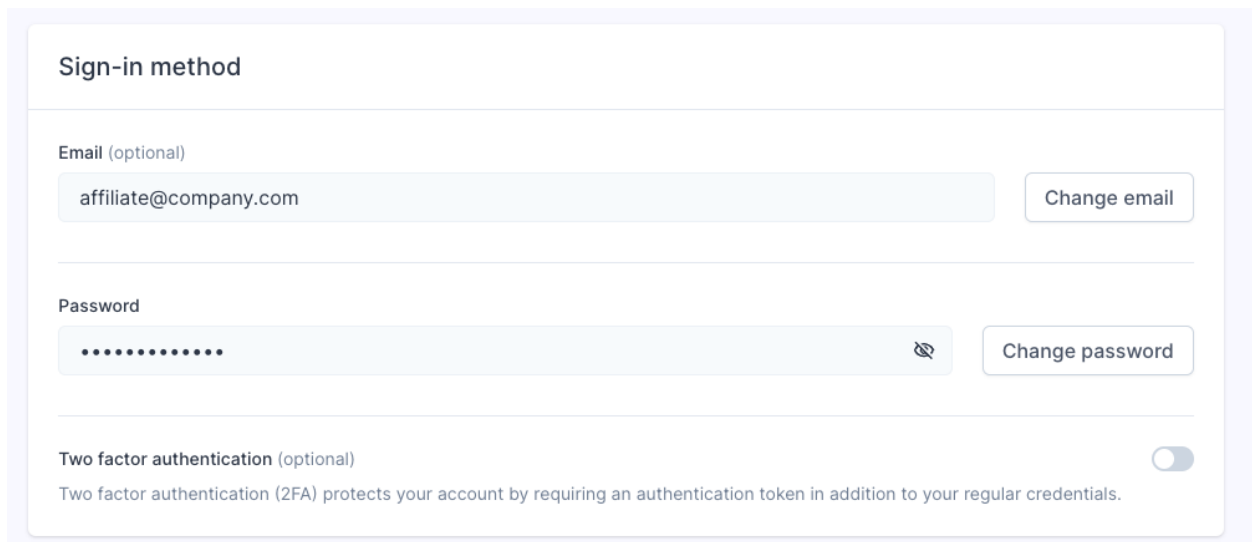

Расположенный в левом нижнем углу системы, этот раздел позволяет пользователю настраивать данные своего профиля, такие как имя, пароль, должность и т. д.

Нажмите на аватар пользователя, затем на Account Settings.

The screenshot shows the 'Account settings' interface. On the left is a sidebar with links: Profile information, Sign-in method, Payment methods, Manager, and Sessions. The main area is titled 'Profile information' and contains several input fields: an 'Avatar' section with an 'Upload' button and a note 'JPG or PNG. Max size of 1MB'; a 'Username' field with the value 'gail_conn39'; 'First name' (Gail) and 'Last name' (Conn) fields; a 'Position (optional)' field with the value 'operator'; a 'Phone number' field with a country code dropdown set to '+1' and the number '413 502 0758'; a 'Skype (optional)' field with the placeholder 'Enter skype username'; and a 'Telegram (optional)' field with the placeholder 'Enter telegram username'.

Перейдите к Sign-in method. Вы также можете включить/выключить двухфакторную аутентификацию здесь.

The screenshot shows the 'Sign-in method' section. It includes an 'Email (optional)' field with the value 'affiliate@company.com' and a 'Change email' button. Below it is a 'Password' field with masked characters and a 'Change password' button. At the bottom, there is a 'Two factor authentication (optional)' toggle switch, which is currently turned on. A note below the toggle states: 'Two factor authentication (2FA) protects your account by requiring an authentication token in addition to your regular credentials.'
