Much like the My Company page you will find the usual widgets and date range selectors in the Campaigns and Media Items tabs. However, in this case you will see the brands, campaigns, media items and marketing sources for the affiliates.

- You may wish to view Deactivated campaigns via the tab choice. By default, it will always show the Active tab.
- Similar to the previous page with the hover functions, you can also edit the affiliate information too via the top right button.

Clicking one of the campaigns will then show the media items underneath it, such as the below screen:

The below is discussed in more detail in the Affiliate Media section.
