

1.110.0 Release Notes

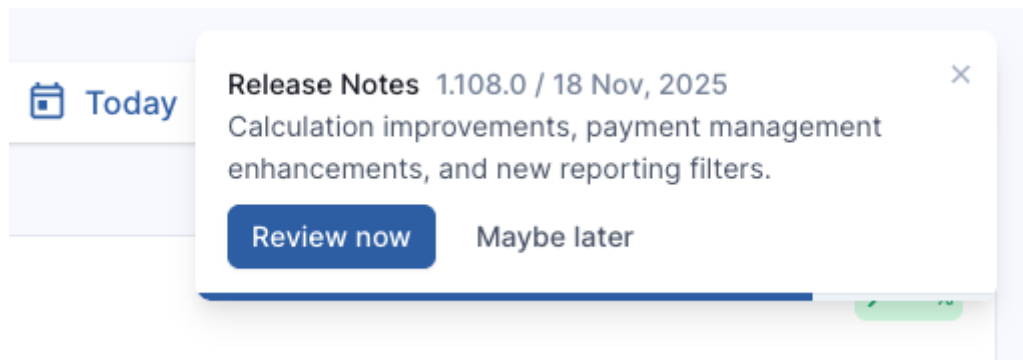

Release date: 2025-12-03

New Functionality

Integrated Release Notes

As well as the release notes found here in the Knowledge base, and in an effort to ensure everyone stays in touch with updates, ReferOn now includes integrated release notes.

You will find a small popup to the top right corner.

Clicking 'Review now' will show the popup version.

The below is an example.

Release Notes

1.108.0 / 18 Nov, 2025

FTD deps ratio rounding

Some calculation improvements. Now the "FTD deps ratio" is displayed with greater certainty.

FTDS DEPOSITS ⓘ	FTD DEPS RATIO ⓘ ↓	CPA
£3,823.00	84%	£4,568.00
£987.00	52%	£1,900.00
£605.00	32%	£1,900.00
£5,855.80	19%	£30,440.00
£185.00	19%	£950.00

Filter by affiliate program for Balance report

A balance report can be requested for particular affiliate programs.

2FA Payment Protection and Updates

We have now added additional security to adjustments of payment methods and details for the Company Master account.

If you do not see the Payment Method tab or Company tab, please check you are using the Master Account.

To adjust the payment method, the company Master account MUST have 2FA enabled. All features are greyed out otherwise. This prevents email and password leaks and payment details being changed freely and with 2FA stopping further access.

Only the first time creating and inserting the information for the account is the exception to adding in payment method details without needing 2FA.

Moreover, when payment method details are changed, the following emails are now also sent:

- Add a new payment method
- Update existing payment method
- Remove existing payment method
- Change default payment method

ss token. You can create a personal access
"Create personal access token"

Please enable 2FA before
personal access token creation

[Enable 2FA here](#)

Create personal access token

Reward History - Brand Addition

To further enhance the Reward History function featured in the last release, we have now added Brand changes.

This is found when clicking into the Brand when in the Affiliate page. You can follow the below steps:

1. Find Affiliate
2. Go to Brand Page
3. Click Brand
4. Click Reward History
