

1.118.0 Release Notes

Release date: 2026-02-17

New Functionality

Cleaned Navigation

We have now removed the additional window behaviour whilst navigating which unnecessarily obscured more of the screen and to further help with mobile functionality. We have adjusted to 'collapse/expand' behaviour instead. Only one area can be expanded at a time.

With this update you can also pin your most used spaces so that they are also found at the top of the navigation pane. To pin, simply hover on the section you need and click the ‘pin’ icon.

Payment Method Filter Addition

For the operators using our new payment process, it is now possible to filter by payment methods in Finances - Accruals in the Affiliates tab. Thus allowing you to easily pick out the crypto or bank wire payments more easily.
