

1.26.4 Release Notes

Release date: 2023-05-11

New Functionality

Customers Page

More information can be found here: [Customers Page](#)

Multi-ID Searching

In all search fields and filters it is now possible to comma-delimit your searches. This will help find those items which were not in the campaign or media item.

New Media Type: Promocode

A new media type can now be selected when creating media items.

Save media item

There is no functionality differences between using Text Link or Promocode Media type. It simply exists to help distinguish between what the tracker is being used for.

When using Promocodes;

- You will still need to contact Support to have any promocode or autobonus setup for a particular affiliate.
- As a recommendation, name the promocode the agreed promocode to help in reporting.

KPI Additions

A number of new metrics have been added to the Reporting and Statistics areas:

- Active Customers
- Depositing Customers
- Count of Deposits
- CPA count

Fixed fee

CPA count

Fixes

- Glossary hyperlink has been renamed to Guide
- Total Reward column has been moved to the end of the Reports and Statistics area
- Fixed Fees can now contain decimal figures
- A default icon has been added to the interface when payment information has been not inserted
- A number of filters have been tidied up and fixed in regards to some minor bugs that were found.
- Players have been renamed to Customers to coincide with the new Customers Page.
