

1.44.0 Release Notes

Release date: 2023-11-09

New Functionality

Privacy Policy Added to Signup

When signing up, affiliates must now also accept the privacy policy of the affiliate program.

The screenshot shows the REFERON security password setup interface. At the top left is the REFERON logo. The main heading is "Security password" with a subtext "Choose a strong password for yourself." Below this is a "Password" section with a text input field labeled "Enter password" and a toggle icon. A requirement note states: "Min: 9 symbols, 1 number, 1 upper case character, 1 lower case character". This is followed by a "Confirm password" section with a text input field labeled "Re-enter the password" and a toggle icon. Below the confirm field is a checkbox with the text: "By checking this box, you hereby confirm that you have read and understood the [Terms and Conditions](#), [Privacy Policy](#) and [Data Protection Agreement](#) of the 247Partners, and agree to be bound by them." At the bottom, there are two buttons: a "Previous" button with a left arrow and a "Complete joining!" button.

If an affiliate is added within the system, your first login a confirmation is shown before you can login, as below.

Agreement confirmation

A necessary step to ensure your understanding and acceptance of our policies.

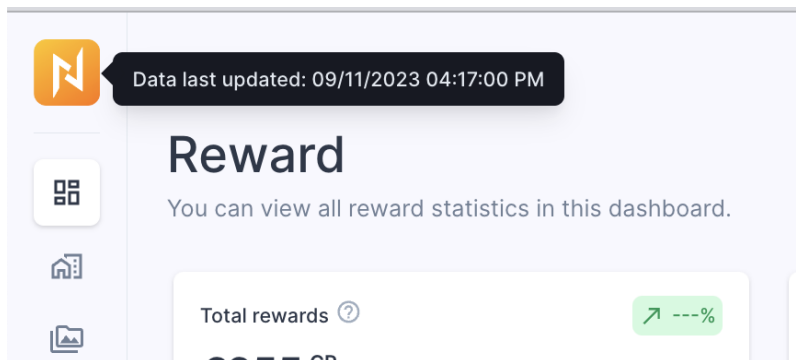

☐ By checking this box, you hereby confirm that you have read and understood the [Terms and Conditions](#), [Privacy Policy](#) and [Data Protection Agreement](#) of the Demo, and agree to be bound by them.

Reward Tooltip

When hovering over the program icon to the top right, a tooltip will display when the last recalculation was performed, making it easier to check rewarding and if they are up to date.

Fixes

- Affiliates are no longer able to deactivate media items.
- All users are now notified about any reward calculation.
- When selecting 'Current Month' preset in Dynamic Reports it will stay as the current month, not the past month you are in when pulling the report at a later time.
- 'Other Rewards' is removed as it is not used currently.
- Minor issues with Account Setting screen are now fixed.
- Minor side bar updates for affiliate users.
